

She's the Only One for Me

– For Maria Hurt --

I've had 'em big
I've had 'em in the middle
I've found that I prefer
Someone kinda little.

I've had short,
I've had tall,
Sometimes I've ended up
With no one at all.

I've suffered famine,
I've enjoyed the flood;
I've had my heart broken;
And landed with a thud.

I've been love's slave
Till she set me free,
And gave me all the loving
I'll ever ever need.

Breakfast time romancing,
Salacious afternoons,
Keep my soul a-singing
These sentimental tunes.

So now I don't want a world
Of women hustling me-
My heart's on fire for one,
She's the only one for me.
